Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Thursday 18 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with light rain further east this afternoon.

Today:
A largely dry day with bright or sunny spells. However, cloud and patchy light rain is likely to spread into eastern parts later, as it becomes increasingly breezy and feeling chilly along the coast. Maximum temperature 13 deg C (55 deg F).

Tonight:
Cloudy with periods of mainly light rain. Breezy, especially along the coast. Misty over the hills perhaps with fog patches over highest ground. Minimum temperature 3 deg C (37 deg F).

Friday:
Cloudy and cooler than Thursday with further periods of rain and drizzle. Staying cloudy through the day but drier periods developing through the afternoon. Maximum temperature 10 deg C (50 deg F).

Outlook for Saturday to Monday:
Mostly dry through this period but still rather cloudy. Feeling cool underneath the cloud. The best of any cloud breaks likely to the lee of high ground Saturday and Monday.
